Panasonic CF-19 MK4-MK8 Toughbook Docking Station

Engineered for the demanding work environments in utility, public safety, and material handling
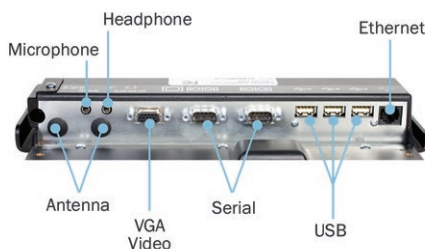

Secure your Toughbook in place

With the push button latching mechanism you can draw the com-puter down to connect the dock. The brass locating pins provide precise computer placement while the front clips provide com-puter guidance. Once connected, the side LED indicator light will illuminate when the dock has power. It has port replications for USB 2.0, optional antenna pass-through, Ethernet, serial, video (VGA and HDMI), headpones, speakers and microphone.

Certificates & testing

The CF-19 dock is designed and tested to rugged environmental standards. It's Toughbook Certified, and has passed MIL-STD-810G shock/vibration, RoHS, FCC, and CE testing.

Features

- Compatible with Panasonic CF-19 MK4-MK8 Toughbooks. Toughbooks will be identified with a letter "R" or higher in the model number (ie. CF-19R).
- Can be mounted in horizontal or vertical position. Internal/protected circuit board protects against dirt and dust.
- Floating docking connector for reliable docking connection.
- Rounded edges to enhance personal safety.
- Cut out on each side of the dock allows for unrestricted access to adjust the motion attachment.
- Aluminum construction for reduced weight.
- Rugged construction for long-term durability. Use with external Lind Auto Adapter (Item No. 11798)
- 3-year limited warranty on printed circuit board and docking connector.
- Note: Panasonic recommends that the CF19 computers should not be "hot docked" into any docking station.
